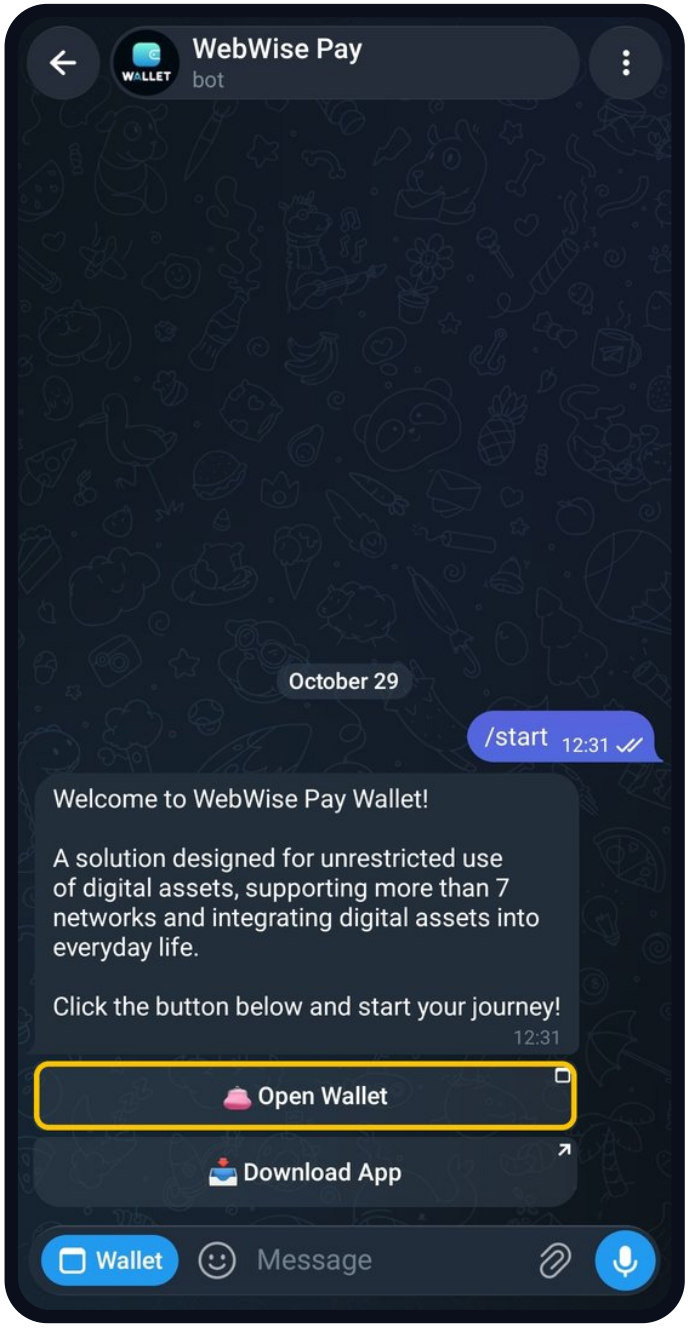
https://t.me/WebWisePay_bot?start=ref_e028d904-c124-424c-8e8d-8fc7289dab4d

Free card promo code: card100

Code issued on October 29, 2026

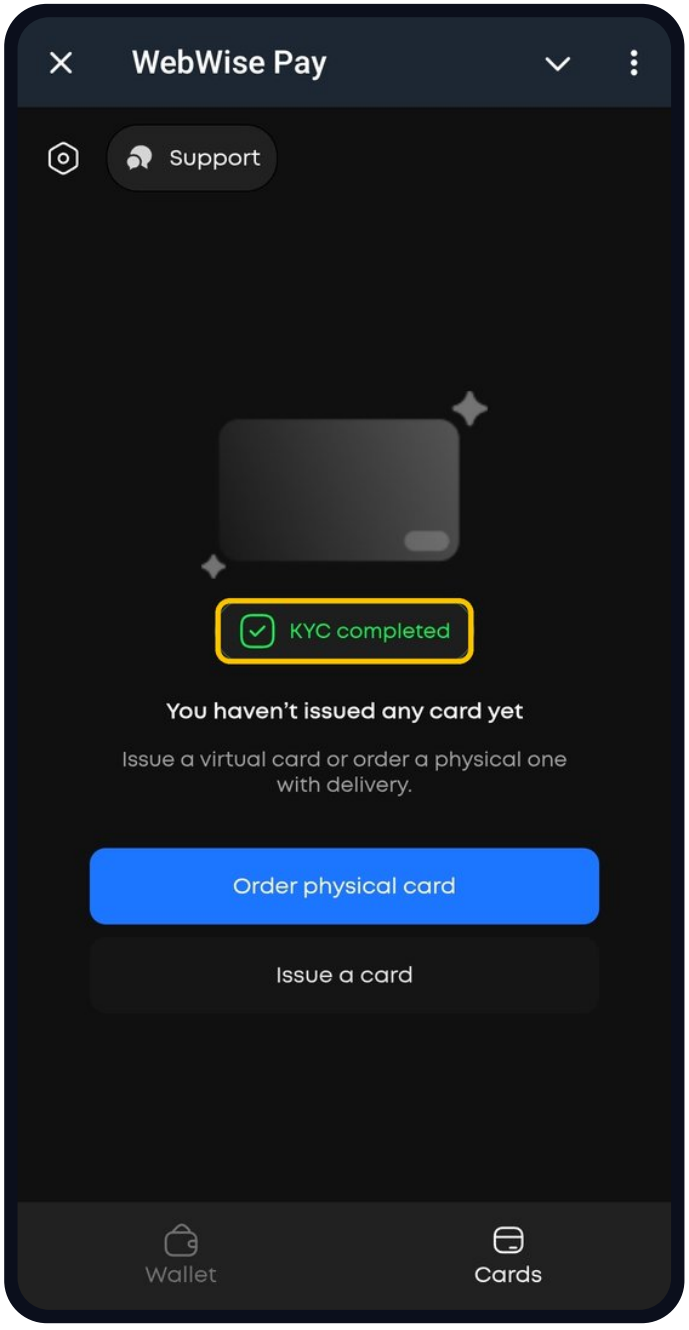
1 Open the bot

In Telegram, send the /start command, then tap “Open Wallet”.



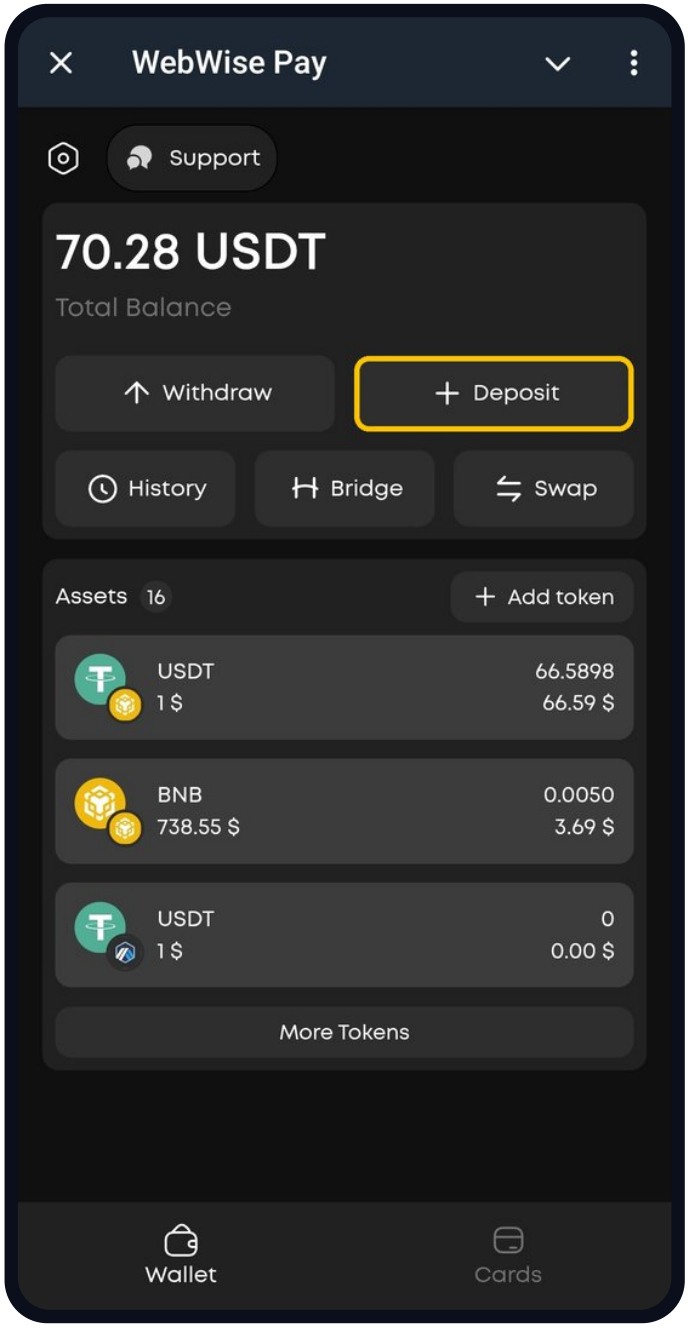
2 KYC verification

Complete the identity verification (KYC) until the “KYC completed” badge appears.



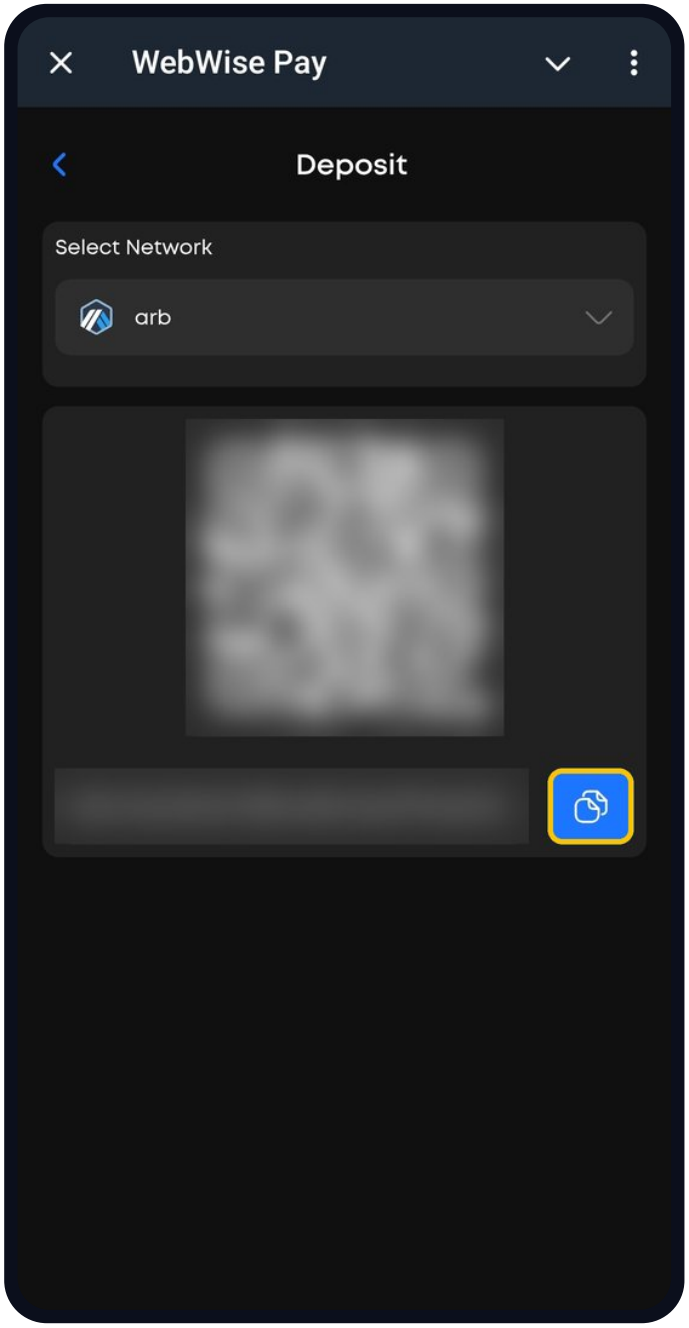
3 Open your wallet

In the Wallet tab, tap “Deposit” to fund your balance with USDT.



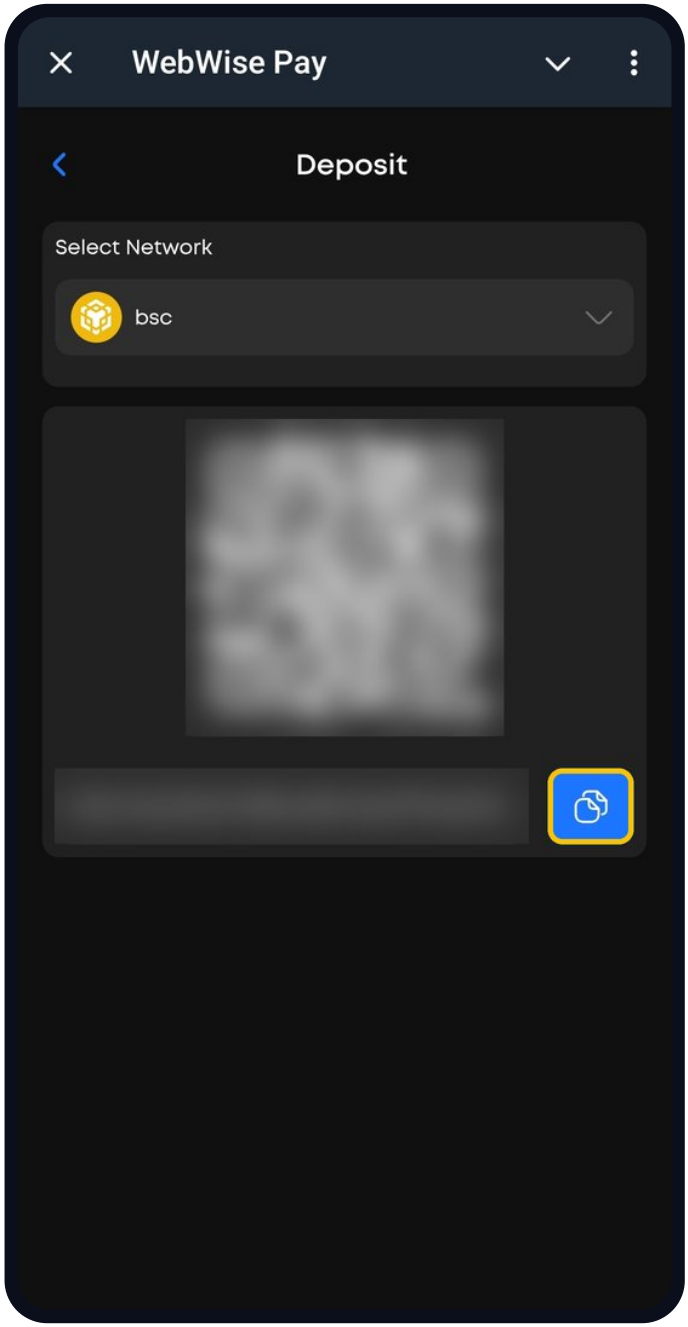
4 Deposit — ARB network

Select the network, then copy the address or scan the QR code.



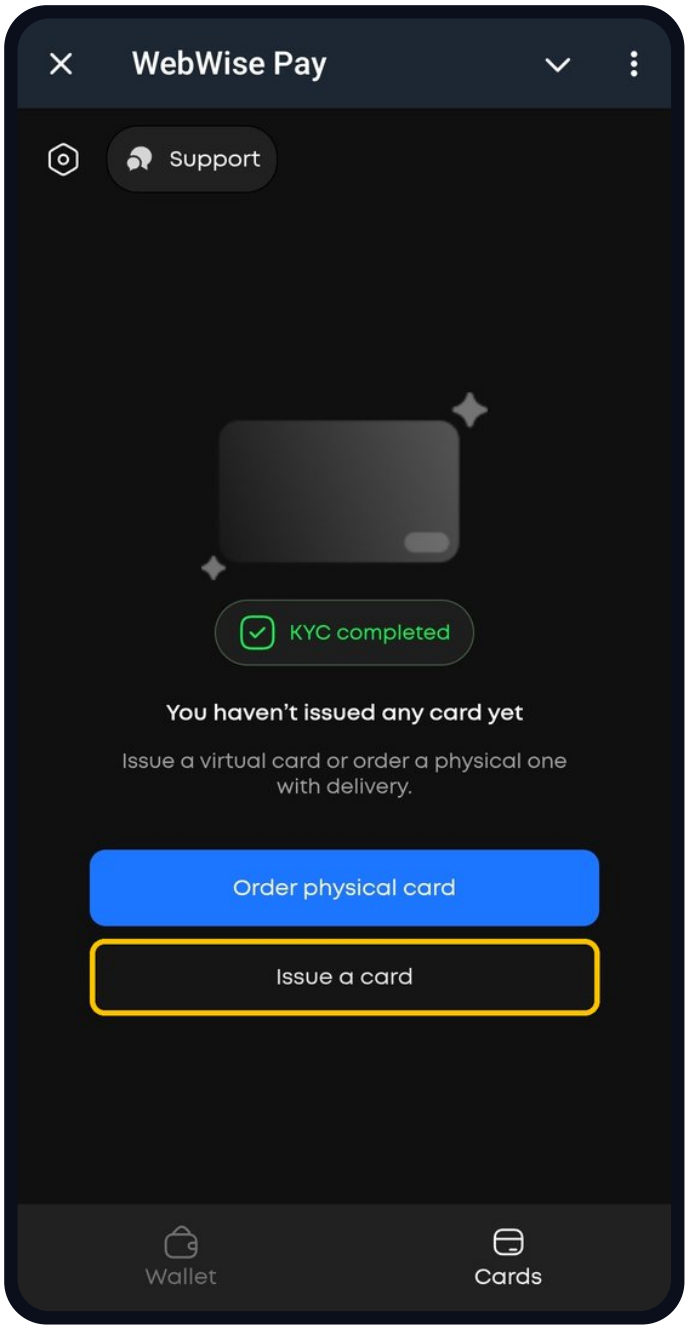
5 Deposit — BSC network

Same flow with the BSC network: select it and copy the address.



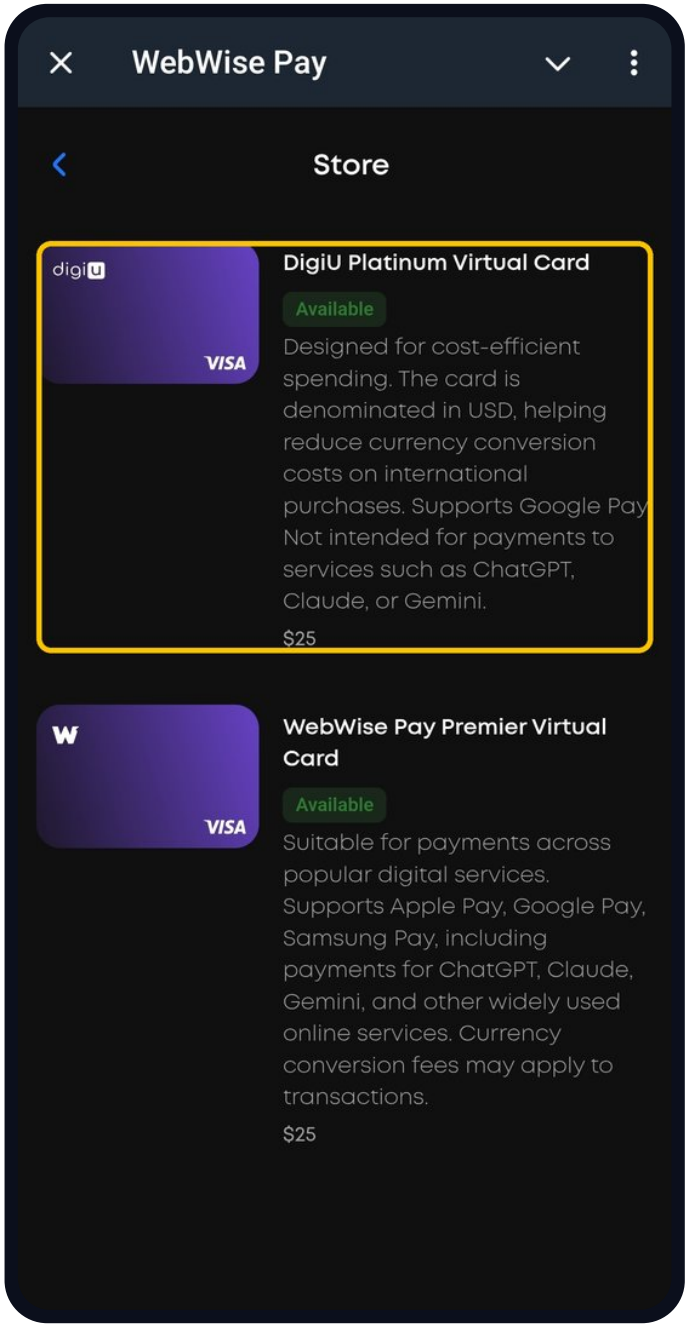
6 Cards tab

Open the Cards tab, then tap “Issue a card”.



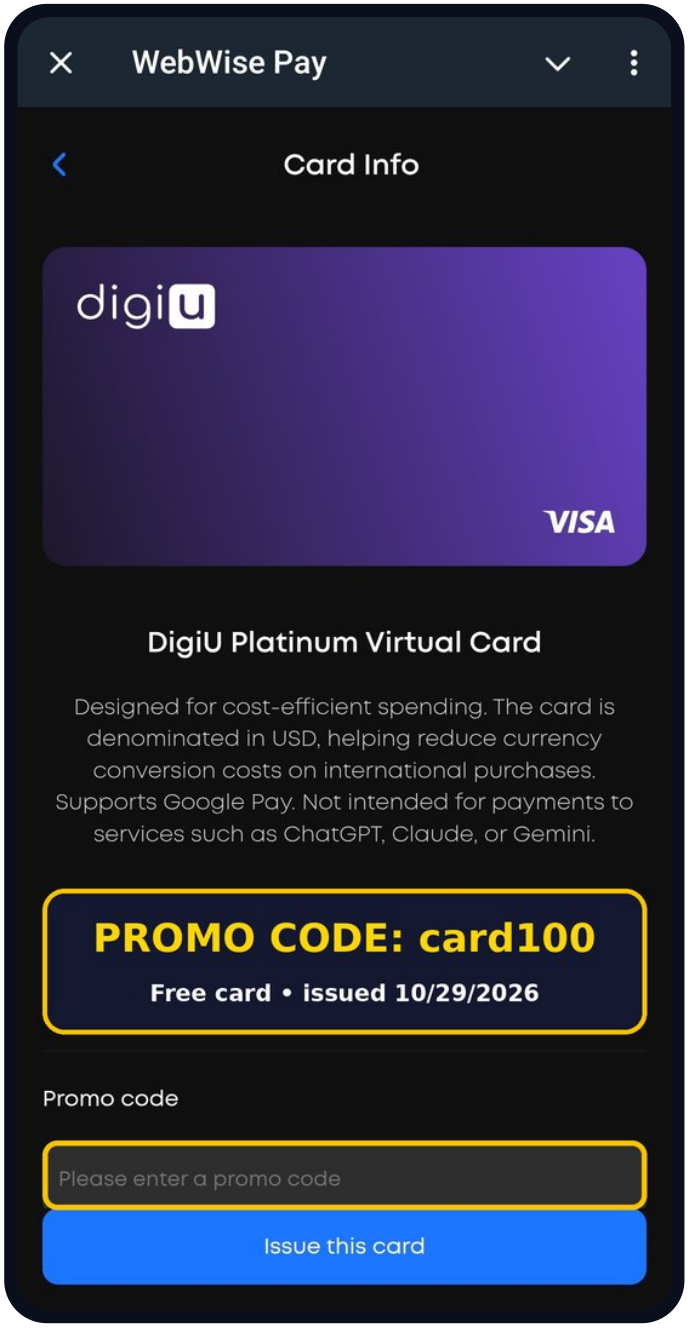
7 Store

Select the card you want, for example the DigiU Platinum Virtual Card.



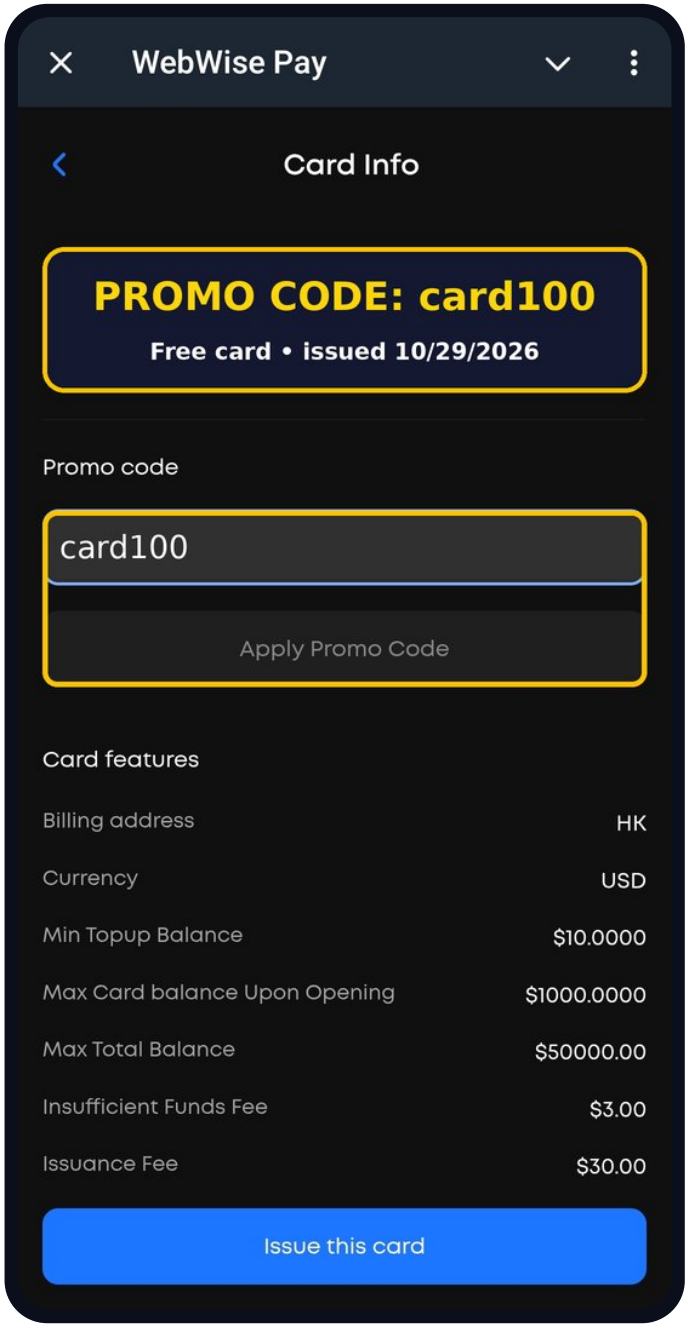
8 Promo code

On the card page, find the “Promo code” field and enter card100.



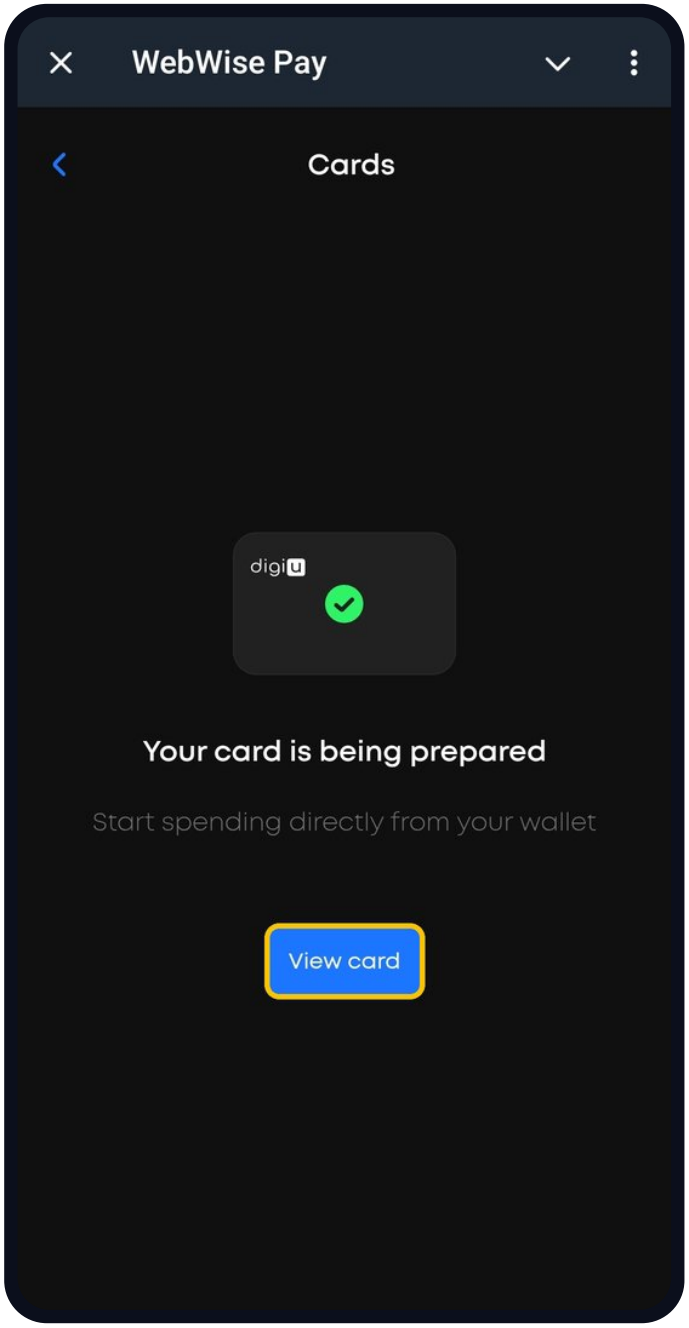
9 Apply the code

Tap “Apply Promo Code”, check the fees and limits, then tap “Issue this card”.



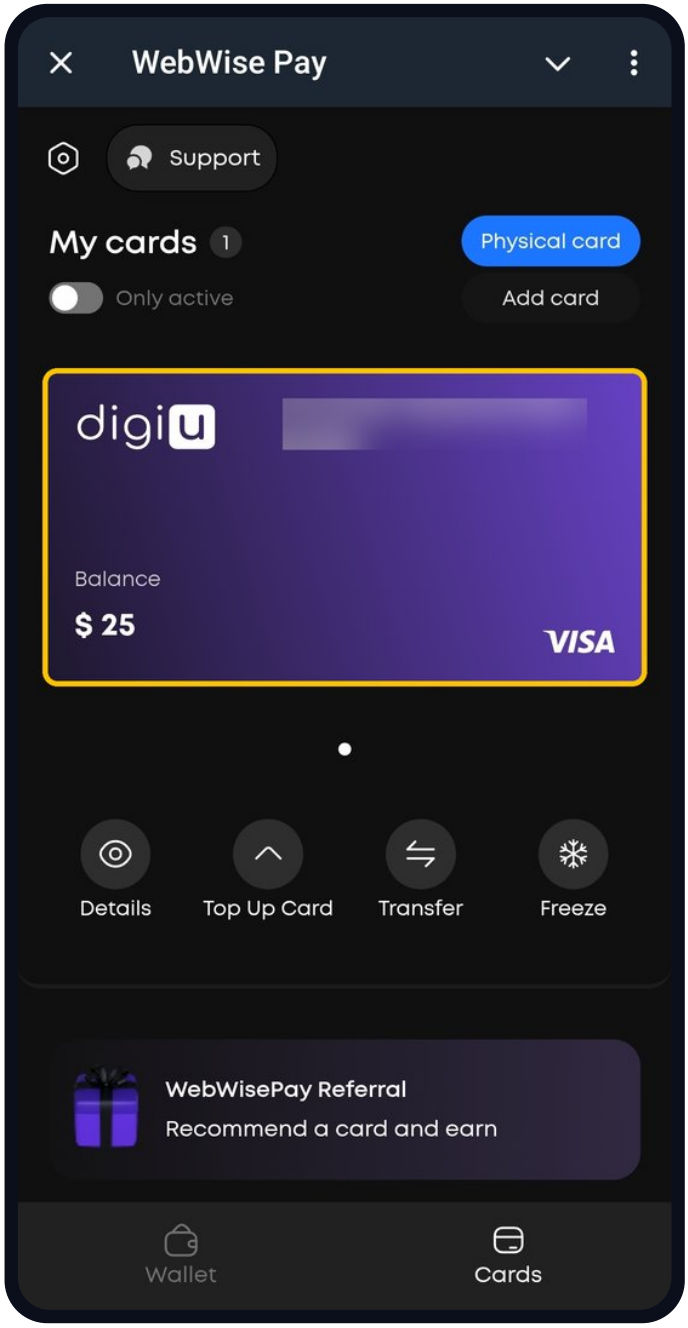
10 Card in progress

Your card is being prepared. Tap “View card” when it is ready.



11 Card ready!

Your card appears under “My cards” with its balance, ready to use.



Key points

Promo code
card100 — free card offer (code issued on 10/29/2026).

Access link
t.me/WebWisePay_bot (full link on page 1, clickable).

Fees and limits
Check the fees shown in the app before confirming “Issue this card”.

Card usage
The DigiU Platinum Virtual Card is not intended for payments to ChatGPT, Claude or Gemini.

Alternative
The WebWise Pay Premier Virtual Card supports these services; currency conversion fees may apply.
